OFFICIAL PAPER OF THE CITY

Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

We sometimes are disgusted when we review the national holidays and think how these shrines in the year's calendar in remembrance of the dead who nobly served their country are desecrated by frivolous amusements; but when times like the present bring America face to face with grim realities, we discover that the memory of Lincoln and Washington is still cherished under all the frivolity and that the lessons they taught have not been forgotten. Our United States is in the midst of warlike preparations which we all approve as protective measures. Offsetting arguments for war, however, is the insistent message in Washington's farewell address to avoid entanglement in European politics, advice which no thoughtful American can lightly put aside. Other presidents we have had who were more beloved than Washington, but to none other has quite the same measure of respect been given, nor such absolute confidence in his wisdom. And so the thought of Washington at this time has profoundly moved the nation in its gropings

TROPICO Interurban SENTINEL

for light and guidance in its foreign relations. We do not want to shirk nor to withhold help in a righteous cause. We trust our President and our representatives in Congress. As loyal Americans we shall acquiesce in their decisions and cast our lot with our country whatever that lot may be; but war is licensed wholesale murder. Heaven grant that we may not be called upon to commit that crime against humanity, either in self defense or in defense of any sister nations!

The light vote on the proposed bond issue for flood control, when viewed superficially looks like public indifference, but when analyzed can be more worthily accounted for. The time that has elapsed since Mr. Reagan's report was issued has been too short for voters to familiarize themselves with the proposition and weigh its merits. They need time to digest arguments pro and con after they are presented and they have not had it. While they approve flood control in general, many voters have been dubious about the working out of the plan, they have feared the amount was too small for effective work and that it might expose the county to heavy damage suits should the work fail. These citizens could not put their doubts aside and vote for the issue, neither did they want to be obstructionists if any considerable number of their fellow citizens had faith and desired to try the plan, so they compromised by not voting at all, and washing their hands of any responsibility.

FLOOD CONTROL

At this writing incomplete returns indicate that the bonds for flood control carried by a narrow margin. Everywhere the vote was light.

TROPICO REJECTS BONDS

Tropico's vote on bonds for flood control was very light. Out of a voting strength of nearly 1200 but 169 ballots were cast. Of these 92 were deposited at the San Fernando Boulevard polling place for precincts 1 and 2, 65 voting No and 27 Yes.

At Glendale and Cypress where Precincts 3 and 4 voted, 77 ballots were cast, or 47 No and 30 Yes.

A DISTINGUISHED NEW-COMER

Mrs. Charles Francis Peabody of Boston, Mass., a neighbor of Mrs. Hal Davenport on Glendale avenue, was her guest at the meeting of the Thursday Club last week. Mrs. Peabody is much pleased with this part of Southern California and may buy property and make her permanent home here. She is an English woman with Boston connections acquired through her marriage into the Peabody family, and she considers the women of the West far in advance of their more conservative sisters on the Atlantic coast. She is a public speaker and a woman with an attractive personality as well as a world wide experience. She is also a composer of songs and wrote a Jubilee hymn for England which brought her much prized acknowledgements from the King and Lord Gray. She has written one for the U. S. Navy. Primarily, however, she is a social reformer with radical ideas. Her friends hope she will identify herself with the interests of our little city.

AUTO COLLISION

Death was near but passed by H. E. Litten of 721 Moore avenue one morning last week when his automobile was struck by a machine driven by a Los Angeles man. It happened on Tropic avenue, just across the S. P. tracks. Mr. Litten was drawn up at the side of the boulevard and almost at a standstill when a car loomed up out of the fog, on the wrong side of the road and collided with his auto. The supposition is that the driver of the machine going north had missed his directions owing to the fog. Mrs. Heaton was a passenger in Mr. Litten's machine and like him was considerably shaken and bruised, also suffering minor injuries from flying glass. She was taken to the Glendale Sanitarium but did not have to remain long and is now at home.

The Woman's Missionary Society of the Presbyterian church meets today for an all-day session beginning at 10 o'clock. Luncheon will be served at noon and the afternoon session will open at 2:30. Officers will be elected in the morning.

THURSDAY AFTERNOON CLUB
CONSIDERS LEGISLATION

Interest is growing in the sessions of the Thursday Afternoon Club. At the meeting last week attendance was excellent and there were several new faces, visitors who are about to identify themselves with the organization.

Acacia was used effectively for decoration, and as usual, the tea table at which Mesdames Barker and Peckham poured, was most attractive.

Preliminary to the talk on legislation made by Dr. Jessie Russell, Mrs. C. M. Turck made a brief report of the meeting of the federation of musical clubs held at Hamburger's Theatre, which she had attended as a delegate. In that connection she made a plea for a donation to the settlement cottage maintained by the Federation at Eighteenth and Mozart streets, Los Angeles, where poor children are given musical instruction for a nominal fee and where talented pupils are encouraged to fit themselves for musical careers. The Federation is asking clubs for \$10 scholarships. Miss Ida Myers stated that last year the Thursday Club made a donation to this work.

Dr. Russell, when called to the platform, wasted no time in unnecessary preliminaries and managed to say a great deal in the half hour allotted her. She explained that club women had been asked to confine their legislative promotion work to three bills, but that under those three they had managed to include five measures.

The first of these calls for an appropriation of \$250,000 for a moron colony. These morons are children who are defective but not idiots, and who need special care and training. This bill calls for the location of the institution in Southern California because the Eldridge School, which is along similar lines, provides for defectives north of the Tehachapi. The Doctor stated that an effort might be made to include in the bill a provision for making the Superintendent of the institution the secretary of the board of trustees, which she thought would be very objectionable, as the trustees should be free to act without the embarrassment of the superintendent's presence in any emergency that might arise. Whether the colony should accept high grade epileptics too is also being discussed in connection with the bill.

The Woman Juror bill is one of the

measures which is being pushed; not universal or obliagtory service, but making women eligible to call for jury service in cases where either plaintiff or defendant wish to have women on a jury. It also contains a provision for release from obligation to serve on a written and valid excuse. Dr. Russell explained her conversion to woman juror service and told of cases where women jurors could do much for the protection of women and children with whom the law has to deal. She also said it was particularly urgent that women be made eligible to service on Grand Juries which are charged with the duty of investigating all the state institutions. As investigators they could show up and eliminate things which women have worked for years to eradicate unofficially.

The community property bill aims to put women on an equality with men. As the law now is, according to Dr. Russell, the wife cannot will one cent of community property. At her death it all goes to her husband without inheritance tax unless it exceeds \$24,000, and without administration. The bill asks the state to give the wife the same status that the husband has. Another provision requires the wife's signature to the transfer of community real property; another enlarges the definition of "community property" to include property brought in from another state and not simply, as now, the property accumulated in California. Another clause adjusts the tax which the wife now has to pay on an inheritance while her husband is allowed exemption of \$24,000. This community property bill, Dr. Russell stated, was introduced by Senator Luce

of San Diego, Senator Thompson of this district having refused to introduce it for the Federation.

She urged women to use their influence both as club organizations and as individuals to further these measures, and to write their representatives in the legislature asking them to vote for these bills.

Among other legislation worthy of support Dr. Russell mentioned a bill asking for an appropriation for the establishment of a farm school at Riverside in connection with the Citrus Experiment Station, which will do for Southern California what the agricultural school at Davis is doing for the North. She also spoke of a bill to utilize the buildings and machinery at Whittier for a vocational training school.

In conclusion she asked members to attend a special open session at the Friday Morning Club of Los Angeles Monday afternoon at which several members of the legislature would be present and speak.

Margaret Sroufe, Miss Ruth Mitchell and Mrs. Alma K. Moss of Los Angeles, readings by Miss Lillian Drue and Miss Mouser of Los Angeles, a dance, "St. Denis Mazurka," by Doris Cook, and a monotone selection, "Mother's a Suffragette," by Prof. Kennedy, Messrs. HIGH SCHOOL NOTES

Total receipts from the Variety Show of Union High last Friday amounted to \$313, and the managers figured they would clear \$275 when all expenses were paid. Mr. Ferguson, who had charge, pronounced it the best entertainment ever given by the school. It was varied, of good quality and well done. The complete program for the two nights included twelve numbers in which music predominated and the high school orchestra did itself proud. Harold Nye and Paul Williams were given credit for the excellent lighting effects which they planned and personally executed in the shop. A fine spirit was shown by all the departments, which was one cause of the big success. The proceeds go to the treasury of the student body and will be used for debating expenses, honor pins, athletics, etc.

* * *

In the last debate, which took place February 9th, two representatives of Pasadena High were matched against Samuel Durand and Herbert Scheuner on the question of government ownership of railroads in America. Pasadena's team was a strong one and won out, though Glendale's champions secured the vote of one of the judges. The same night Berna Martin of Tropico and Harlan Durand went to Lincoln High in Los Angeles to debate the same question where they also got the vote of one of the three judges. As the score now stands, in its four debates Union High has won the votes of five judges out of a total of twelve, which is a very good showing in view of the fact that our young men have been matched against the debating talent of much larger schools.

Mr. W. D. Root, who has charge of debates is just in receipt of a letter from Occidental announcing a prize scholarship to be awarded to the two best debaters in the annual Spring contest. This is open to all high schools which have applied, and Glendale is on the list. The general subject announced is "Compulsory Military Training," the exact question to be announced about the first of March.

Acacia school mothers learned much about the benefit to California particularly Southern California which would result from increased consumption of local products; that not only would the manufacturer profit but his employees would be increased and better paid, and more money would be put in circulation. Also, in most cases, a better product would be secured than could be had for the same money from the east. Mr. Kinney, Industrial Commissioner, was the speaker and much impressed his audience by his arguments. Two delightful solos were given by Mrs. A. J. Van Wie, and a pleasant social hour was spent.

The club expects to have its tennis court and the school grafonola paid for in time for a May Day celebration.

To raise money for those objects a series of monthly teas will be given by members of the club, which, besides providing these very desirable additions to the school, has done considerable philanthropic work. Mrs. Amelia Wattles is president of the club and an enthusiastic P. T. A. worker.

The Sentinel is informed that Mrs. Edward Lynch and not Mrs. Wattles will be hostess at the P. E. O. luncheon given on the 23rd, which will be Philanthropy Day at the local chapter.

Did you notice the cubist design in the ad. of the B. & B. Store last week? Mr. Butts is determined to be up to date in art as well as groceries.

The Sentinel is advised by Mr. Whaley that he will move the O. K. Market north in the course of a week and join forces with B. Collino, whose store he will share.

Fifty couples enjoyed the dance given by the "Band Boys" in K. P. Hall on Brand Boulevard last Wednesday. The boys are much pleased with their social success.

Last week, four speeders, all from Los Angeles, were brought before the stern City Recorder who found them all guilty and imposed fines of \$5 on most of the offenders.

Mrs. R. W. Paine and family left Tropic last Saturday to join Mr. Paine in the north. Mr. Paine is head advertiser for the White House store in San Francisco, but the family expects to reside in Berkeley. They have lived in Tropic for about ten years and are progressive people who will be much missed. Mrs. Paine is a member of the U. and I. Club.

"Gentlemen's Night," the March 1st meeting of the Thursday Afternoon Club, which will be held in the evening in the City Hall, will be in charge of the civics and hospitality committees and it is safe to say that the program, the decorations and the refreshments will be all that they should be. It will be a get-acquainted, work-together social affair and promises to be a function that will be very much worth while.

PROCEEDINGS OF BOARD OF TRUSTEES

Tropico's Board of Trustees met at the usual hour Tuesday evening with President Peters in the chair and all members present except Trustee Veselich. Officers present were: City Clerk Coleman, City Attorney Shaw, City Engineer Wattles, Health Officer Mabry, City Marshal Gould. Also present as audience was a considerable delegation from Palmer avenue.

Changes in Fire Hydrants

The City Clerk for Fire Chief Fairfield returned the communication of the Water Company relative to pipes on Grace and Victor Courts with the recommendation that the fire hydrants be transferred from the two-inch to the four-inch main. On motion of Henry the Fire Chief was instructed to have the change made by the Water Company.

President Peters stated that there is no hydrant on Glendale avenue between Park and Cypress, a distance of 1500 feet, and in his judgment one should be placed midway at the corner of the alley near what is known as the Gaarder home where it can

be located without the necessity of digging up the street. Moved by Henry that the Fire Chief be instructed to remove an extra hydrant on the south side of Acacia and place it on the alley mentioned on Glendale between Palmer and Cypress. Carried.

Map and Dedication Accepted

City Engineer presented Map No. 3210 of Forest Lawn Cemetery asking for its approval by the Board and for acceptance of dedication of a small portion of Glendale avenue. On motion of Henry the Board approved the map and accepted the dedication.

Engineer Wattles also reported that Hill street improvement is progressing very satisfactorily.

Dairy Permit Granted

Health Officer Mabry announced his approval of the application of Mary L. Moore to sell milk in Tropic, and the application was granted by the Board.

Bouquet For Tropic

The Doctor also quoted a paragraph from the annual report of the State Board of Health in which Tropic is mentioned as having a perfect score in the matter of sending in reports on time.

decision and on motion of Henry the permit was denied.

Palmer Avenue Restored

A petition signed by fourteen property owners on Moore avenue expressing their willingness to have the name of the street changed to Palmer, was presented by the City Clerk. On motion of Henry the City Attorney was instructed to draw up an amendment to Ordinance No. 123 changing the name of Moore avenue to Palmer avenue; also establishing the names Tropic avenue, Park avenue and Oak Drive at the points where those thoroughfares cross the Southern Pacific Railroad.

Building and Weed Ordinances

The advisability of a weed ordinance which can be enforced, also of a comprehensive building and fire district ordinance, came up for discussion and the City Attorney was instructed to prepare drafts of same.

Dirt on Walks

The Board then adjourned.

JITNEY DRIVER MURDERED

Mr. De Marcus, driver of one of the jitneys employed in the Dodge Auto Service at Glendale, was murdered Tuesday evening. Wednesday morning his remains were found in his car on the State Highway about midway between La Canada and La Crescenta. MEMORIAL SERVICE

A beautiful memorial service was held Sunday afternoon at G. A. R. Hall in remembrance of Washington, Lincoln and McKinley. Sons of Veterans were represented by Joseph Griffin, Division Commander, who made a most eloquent talk. Miss Midcalf spoke for the Woman's Relief Corps, her theme being "Patriotism." Miss Midcalf is teacher of history in the Intermediate school of Glendale, and a loyal member of the Corps. Comrade Clark made the third address on "Our Departed Comrades of the Year," the last address being made by Comrade Gibbons whose talk was of Washington, Lincoln and McKinley.

Violin numbers were furnished by Roger Baker, Elsie Anderson contributed a vocal solo, "Peace," Doctor Lucas sang "The Red, White and Blue," the audience united in singing "The Star Spangled Banner," and Rev. Don Ford pronounced the benediction. Comrade Taylor and Mrs. Crawford arranged the program.

THE MINSTREL SHOW

Twin City Lodge, Knights of Pythias have announced the presentation on February 27 and 28th of their annual Minstrel and Vaudeville Show and claim that it will be as entertaining a performance as it is possible for home talent to make it. There will of course be the big minstrel first part with new songs, new jokes and specialties, an olio of first class numbers and a corking afterpiece that has been prepared by Jos. V. Griffin for this occasion. It is entitled "The Bored Meatin'," and has for its purpose the representation of the trials and tribulations of a back country board of trustees in weekly session. Most of Tropico's favorite talent, augmented by some from Glendale will take part in the production and it is predicted that no one will leave the hall dissatisfied. Special settings and electrical effects have been installed for this occasion and the Hall has been transformed into an attractive playhouse.

The District Deputy Convention of Pythian Sisters comes off Friday afternoon of the present week at Long Beach.
